Cold chain & Critical shipments

FREIGHT FORWARDING

Air & ocean, import & export – to every destination

Air Freight

Air import and export.

Ocean Freight

FCL and LCL shipments; partner agent of Globelink (NVOCC).

Consolidation & LCL Export

Partnership with OCI Cargo Lines for LCL export worldwide.

Special Cargo

Perishables, hazardous cargo, time-critical and third-party shipments.

Fast, controlled clearance – in-house

In-House Customs Brokerage

An experienced team of brokers across all cargo types and industries.

Pre-Clearance

Documents, classification and licenses checked in advance to shorten clearance time.

Bonded Services

Storage under customs supervision, released as you need it.

Licenses & Permits

Handling of import/export licenses and regulatory approvals.

AEO

Authorized Economic Operator

Mayan is recognized by the Israel Tax Authority as an Authorized Economic Operator – acknowledging the control, security and reliability of our customs processes.

TRUCKING & PROJECTS

Last Mile Service

Inland Trucking & Delivery

FCL/LCL transport, heavy haulage, crane services, Air Ride, white-glove services, and door-to-door delivery.

Project Logistics

Mega projects, exhibitions, drop shipments and complex end-to-end solutions – including feasibility, pricing and supply chain planning.

A complete cold chain – in every temperature range

15–25°C

CRT – Controlled Room Temp.

Medical devices and medicines. A narrow range, sensitive to both heat and cold.

2–8°C

Chilled

Medicines, biologics, reagents and medical consumables.

−15/−25°C

Frozen

Products kept frozen along the entire route.

−70°C

Dry Ice

Samples and highly sensitive products in deep freeze.

Time Critical – urgent shipments end-to-end

Priority handling, continuous tracking and a single point of contact – when every hour counts. All under GDP certification.

GDP CERTIFICATION

Certified for GDP compliance

Mayan was audited by the IPL Forum – the Israeli Pharma & Medical Device Forum – and certified for GDP (Good Distribution Practice) compliance in handling temperature-sensitive products.

- Documented SOPs for every step in the chain
- Staff trained to handle sensitive products
- Structured deviation management and CAPA
- Temperature records and documents for every shipment
- A dedicated Pharma | Temp & Time Critical division

HOLON COLD-CHAIN DEPOT

Central Israel – connected to every gateway

A dedicated cold-chain facility at Techno Park Holon – in central Israel, with easy access to all ports.

Export preparation

Preparing temperature-sensitive export shipments.

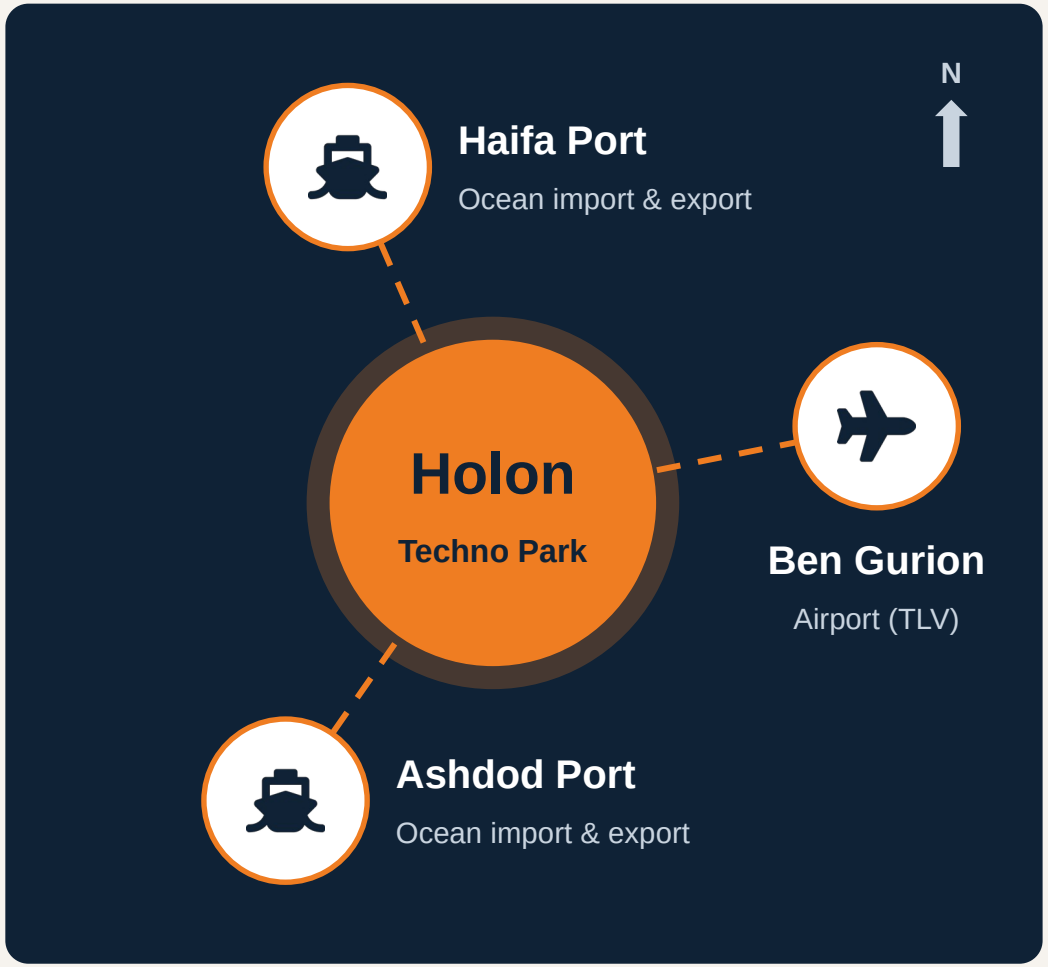

Agent services

Handling services for our overseas partners.

Urgent shipments

Fast handling of time-critical shipments – to all ports.

Airport · Ashdod · Haifa – from one central point

Premium insulated packaging – made by Mayan TTC

MAYAN TTC

SHIELD

PUR insulated shippers

Cost-effective, durable insulated shippers for regular shipments, in a double-wall outer carton.

MAYAN TTC

BUNKER

VIP vacuum panels

Top-grade insulation for long routes and highly sensitive products.

Both lines support every range – CRT 15–25°C, 2–8°C, frozen and dry ice – with a built-in data logger slot.

SOLUTIONS WE PROVIDE

Data Loggers

Continuous temperature recording and a full report.

Parcel Shippers

Insulated shippers for parcels, in every range.

Pallet Shippers

Insulated solutions for full pallets.

Thermal Blankets

Pallet covers against sun and temperature swings.

THE SOLUTION

Door to door, in the required temperature range

01

Origin Planning

Product, packaging and documents verified with the supplier.

02

International Transport

Controlled air or ocean service, by urgency and volume.

03

Customs Clearance

In-house brokers, AEO status, documents ready in advance.

04

Controlled Trucking

Controlled vehicle from airport or port to the customer.

05

Delivery & Records

Proof of delivery and a full temperature report.

*** Continuous monitoring: a data logger in every shipment · automated alerts · final report**

*Subject to the client's prior request

ADVANCED IT SYSTEM

Full real-time visibility

Real-Time Tracking

End-to-end shipment visibility at all stages.

Automated Alerts

Profile-based follow-up notifications.

Virtual Inventory

Digital importer inventory management.

Auto Reporting

Automated customer alerts and reports.

EDI Integration

Seamless EDI integration with your systems.

LogBox

Digital trade document archive.

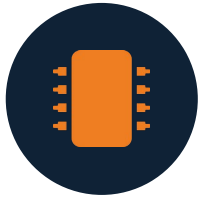

CARGO TYPES

Every cargo type – for every industry

Medical Equipment & Pharma

High-Tech & Electronics

Food & Perishables

Vehicles & Aerospace

Defense & Industry

Israel – a strategic trade gateway between Asia, Europe & Africa

A resilient, innovation-driven economy with strong import and export activity – medical devices, high-tech, advanced manufacturing and agri-tech. Mayan connects it to the world, for every cargo type.
